

Dear visitor,

I invite you to visit the Erebuni Historical & Archaeological Museum-Preserve website: www.erebuni.am

. In this comprehensive information trove, you can find material detailing the 3000-year history of this ancient settlement, as well as work being undertaken to allow its preservation, ongoing use, promotion, current dilemmas and future concerns. We endeavour to make

www.erebuni.am
an interesting port of call for both archaeological heritage professionals and individual visitors.
